

## The Lundon's Bridge Franchise

### Can you imagine.....

If 50% of all revenues from the "Harry Potter" or the "Lion King" franchises had been donated to American schools? Literally hundreds of millions of dollars would have been given to our schools.

### It's easy because . . .

- we don't have to stock or sell anything.
- our students do not have to go door-to-door.
- we don't have to clip or save coupons.

You can now have all this with  
the Lundon's Bridge Franchise

**It's FREE & EASY**

This franchise starts with the amazing new American novel, "*Lundon's Bridge and the Three Keys*." Movies and merchandise of this story will follow, and of course our school gets 50% of those revenues, too. They cannot be purchased anywhere but through schools and the website.

"*Lundon's Bridge and the Three Keys*" is a modern day fantasy adventure for the whole family. Ancient sea-magic turns a dolphin into a human, an evil spell changes a teenage boy into a dragonfly and a once good and loving jellyfish queen becomes an evil fairy godmother. This story, filled with adventure after adventure, uses family love and the magic of belief as weapons to fight a war between the land and the sea.

### Benefit to Our School

Starting with this amazing first novel, this franchise will grow into a major, long term money maker with multiple books, movies, and all merchandise associated therein.

For additional information, including an opportunity to read the first chapter of the book, view the author reading segments of this book in a promo video called HOLLYWOOD GOES TO SCHOOL, please go to [www.lundons-bridge.com](http://www.lundons-bridge.com).
